The presence of toxic and hazardous substances

Name detail	Pb	Hg	Cd	Cr6+	PBB	PBDE
Circuit board	X	O	O	O	O	O
Device body	O	O	O	O	O	O
The panel adhesive tape and other little add-ons	O	O	O	O	O	O

O: toxic and harmful substances in all components of the device are contained in an amount lower the limit value according to the standard SJ / T11363-2006 «Requirements of limiting the presence of toxic and hazardous substances in products».

X: presence of toxic and hazardous substances, at least in one of the components of the device in an amount that exceeds the threshold, according to SJ / T11363-2006 «Requirements of limiting the presence of toxic and hazardous substances in products».

This product conform EU RoHS requirements and regulations on environmental protection; International country still can not replace or reduce the aluminum content in a copper alloy.

In terms of environmentally safe use indicates that at normal operating conditions, the leakage of hazardous substances or elements of the device and its applications impossible. During using device does not detect any harmful effects on the environment, human health, and can not cause any serious injuries.

Warranty:

Warranty servicing is carried out according to the law on «The rights of the consumer of China» and «Law on product quality of China».

Warranty service includes:

1. Within 7 days of purchase, in case of any problem on «fault list», Xiaomi service center determine the cause of the problem, then you can choose a free replacement of the product or a refund.
2. Within 8-15 days of purchase, in case of any problem on «fault list» Xiaomi service center determine the problem, then you choose a free replacement of the product or repair.
3. Within 12 month of purchase, in case of any problem on «fault list» Xiaomi service center determine the problem, then you have free reapeir

List of faults

Name of fault	
Mi portable electronic mosquito	Cracks / breakage through the construction or material of the device
	Problems with the heating plate after turning on the device
	Problems with the operation of the power meter after switching the device

The conditions, which are not included in warranty service

1. Completion of the maintenance, fall, negligent attitude, abuse, on product spill liquid, accident, or if broke label and marking device;
2. The warranty period has expired;
3. Damage arising under force majeure circumstances;
4. Damage that do not conform to «List of faults» of the Xiaomi service center;
5. Damage that arose in connection with the human factor and which prevent its proper operation.
